MURPHY, the Jeweler.

The Fayette National Bank of Lexington is confronted by a mistake, made by somebody and a lawsuit will follow. A Mr. Crow and wife deposited \$2,000, as they claim, the Teller entering that sum on their pass book. The Bank claims the Teller made a mistake; that only \$1,000 was deposited and refused to pay a check of depositors when presented for the sum first named.

Floyd Webb and William Hopkins escaped from Jail at Owingsville Thursday in an unusual way. Webb's mother was standing in the door talking to her son, Hopkins and the Jailer. Suddenly she shoved the Jailer into the Jail and the two men escaped simultaneously. Lee Brown, a prisoner, prevented a wholesale Jail delivery, and released the Jailer. Webb was caught by C. L. Williams, a Methodist Preacher, and Hopkins was caught soon after.

The Mason County Branch of Burley Tobacco Growers Association has appointed Messrs. T. L. Holton, P. P. Parker and John E. Boulden as its members of the Board of Control in this county, and the farmers have selected Messrs. C. M. Devore, Scott Stevenson and Tom Collins as their representatives on the Board. The members appointed by the Association have selected Mr. W. Scott Osborne as their Inspector, and the members elected by the farmers have appointed Mr. Frank Goodwin as their Inspector.

### A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by J. Jas. Wood & Son, Druggists.

### OCEAN WHITE FISH.

50 cents a Pail at M. C. RUSSELL CO.  
Mr. Nicholas Gollister left this morning with the County bloodhounds for Garrison, about ten miles above Vanceburg. A store was robbed there last night and they want the hounds to find the thieves.

Yesterday the cigar factory of E. A. Robinson & Co. closed its doors in order that its entire force of fifty employees, and the proprietors as well, might in a body attend the funeral of their shopmate, Martin Smith Minton. Owing to the wants and necessities of a large family and protracted sickness, Mr. Minton at the time of his death needed financial aid, and these men saw that he received it. Two of the employees were selected to raise a fund, and after securing \$40 in the house they went among the good people on the outside and increased it to \$140. This they used to bury their late companion and the residue was given to the bereft wife. Could anything exemplify brotherly love more than this righteous and noble act?

A disastrous wreck occurred at Matewan, W. Va., yesterday morning. Engineer Lewis Farrar, through confusing orders, passed a meeting point and ran a local freight head on into a second extra. Many cars were demolished. Engineer Farrar was caught in the wreckage and instantly killed. William C. Penn, brakeman, and William Shepherd, brakeman, also were instantly killed.

Fire-swept walls that threaten to fall at any moment are all that remains of the old Masonic Temple Building at Louisville. Fire, which is supposed to have been caused either by a cigarette or cigar stamp tossed aside in the flies, or by some defect in the electrical wiring, started in the rear of Hopkins's Theater, which occupied the main portions of the house, at 3 o'clock yesterday morning. The curtains, scenery and stage paraphernalia furnished rich food for the flames which swept through with irresistible fury. The entire Fire Department could do little save prevent a spread. The total loss will be about \$200,000, of which \$90,000 is on the building owned by Jones Brothers.

Mrs. Della Smith was granted a divorce from H. C. Smith and was restored to her former name of Della Campbell. She was allowed her costs and \$25 attorney fees, to be taxed as costs, for which she may have execution.

The State Board of Valuation and Assessment yesterday made the annual assessment of whisky for the purpose of taxation, fixing the value at \$8 per barrel. This is the same as last year.

Riots broke out at Berlin, Germany, yesterday in connection with the election of Deputies to the Prussian Diet. Strong forces of police were required in several parts of the city to suppress the disorders.

ASA SOUTHWORTH, 65 years old, self styled "the Democratic Howler," died at Georgetown a few days ago. Three days before death he dictated his epitaph: "The truest Democrat in Scott county." With apologies to his whiskerettes, this is a trifle rough. Judge CANTRILL.

THE Panama Canal will reduce distances between New York and San Francisco from 13,244 miles to 5,299; between New York and Manila from 19,530 to 11,585; between New Orleans and San Francisco from 14,419 to 4,698; between New Orleans and Manila from 19,930 miles to 4,698; between Charleston, S. C., and San Francisco from 13,179 miles to 4,498; and between Charleston and Manila from 19,465 miles to 10,809.

NEWPORT, a Republican city, and Lewis county, a Republican stronghold, voted against the proposed Constitutional Amendment. Some of our Republican friends don't appear to be very sincere in their talk about "encouraging capital" in Kentucky.—Evening Bulletin.

Yes; it is a painful truth that some Republicans are just as big darned fools as some Democrats. But, Brother, if you'uns and we'uns could sort out all the good, patriotic, enterprising, state-loving, honest-elections Democrats and Republicans, and get them into one party—But what's the use of talking about the Millennium while turkeys are selling at 13 cents a pound on the hoof?

If Mr. ROOSEVELT is successful in capturing the Republican nomination for President he will make one step further than any other Vice-President ever has done. No Vice-President of the past has ever succeeded even in being nominated for the Presidency. When CHESTER A. ARTHUR, who succeeded GARFIELD, was a candidate for the Presidential nomination in 1884, ROBERT G. INGERSOLL said—

"No Vice-President was ever made President by the people. It is natural to resent the accident which gave the Vice-President the place. They regard the Vice-President as children do a step-mother. He is looked upon as temporary, a device to save an election, a something to stop a gap, a lighter, a political raft. He holds the horse till another rider is found. People do not wish death to suggest nominees for the Presidency."

CHICAGO produces more unique things than sky-scrappers, drainage canals and Anarchists; but about the "uniquest" is the proposed "sympathetic strike" of a lot of snot-nosed boys in one of her Public Schools because their teacher, Miss Ida M. STODDER, rides on electric cars manned by non-Union crews. The trouble between Miss STODDER and her pupils arose Monday evening after school, when a number of boys saw her board a Wentworth avenue electric car at Forty-third street. Next morning before school the boys held a meeting in the dressing-room and demanded a pledge from their teacher that she will not ride on the cars. It is not stated whether the good lady used her slipper on the proposed "strikers," but that was the proper "pledge" to have given them.

## A CITIZEN'S STORY.

Told By a Maysville Citizen For the Benefit of Maysville People.

The greatest importance attached to the following is that it concerns a Maysville citizen. It would lose three quarters of its interest if it involved some resident of Kalamazoo, Mich., or Woonsocket, R. I. Like all the testimony which has appeared here, and like all which will follow about the Old Quaker remedy, Doan's Kidney Pills, it comes from residents, fellow-citizens and neighbors. No other remedy can show such a record of home cures. Read this case:

Mr. H. R. Housh of 334 Forest avenue says: "Doan's Kidney Pills quickly relieved Mr. Housh of backache which had been a source of discomfort to him for some time. I procured the remedy at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and its proven value is so great that it should be known throughout the world."

Forsale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

The stoves have been put in the streetcars for the comfort of the patrons.

The gross earnings of the Chesapeake and Ohio for October were the largest for any one month in the company's history.

Elsewhere is the statement for the State National Bank. Its undivided profits now amount to \$9,969.14, and the individual deposits are \$446,091.04.

Miss Clemmie Tolle has taken a position with the George H. Frank clothing house. Miss Tolle is in charge of the necktie department. To have your necktie properly adjusted you should have Miss Clemmie do the tising.

The alarm of fire this morning was caused by a small blaze at R. A. Carr's flouring mill. A spark from the smoke stack lodged in the dust bin and ignited the frame structure. The accustomed promptness of the fire boys put it out in short order. Damage very slight and that by water.

Mr. H. R. Praither of East Germantown, Ind., formerly of Murphysville, and a subscriber to THE LEDGER, met with a very painful accident Thursday last. While working on the railroad near Richmond, Ind., his foot was caught between a tie and a rail, badly crushing his ankle. His Maysville friends express their regrets and hopes he will soon be out again.

Mrs. R. R. Housh of 334 Forest avenue says: "Doan's Kidney Pills quickly relieved Mr. Housh of backache which had been a source of discomfort to him for some time. I procured the remedy at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and its proven value is so great that it should be known throughout the world."

THE LEDGER leads in all, and is the favorite paper of the people.

P. S.—See the new Plaid Ribbons.

THERE are now no independents in the Senate, the membership being divided between 57 Republicans and 33 Democrats.

WITH a joint majority of 76 in the next Legislature, it remains to be seen if the Democrats will give Kentucky a new Capitol Building worthy of the state.

A FINANCIAL authority states that the American indebtedness abroad is now smaller than for years; which shows that Uncle Sam is wobbling along very successfully, notwithstanding the burden of "Protection to American Industries."

AND now comes Judge TARVIN of Covington and orders the Grand Jury to investigate the reported election frauds in that city. It is sincerely hoped that there will be no smothering of the facts, but that every violator of the law, whether Republican or Democrat, will be promptly placed in the Penitentiary.

AND now comes Colombia, a little 2x4 province that hangs on the edge of South America, and threatens eternal annihilation of the United States if the latter dares to maintain its position in Panama. Bully for Colombia; but, sonny, if it took DEWEY and SCHLEY just steen minutes to wallop Spain with her 17,550,216 people, how old would ANN's little brother be before they could spank the 4,600,000 inhabitants of your one-horse show?

CARRIE NATION, the notorious Kansas "saloon smasher," who now thinks she is an actress, ran over from Baltimore the other day and made such a vigorous effort to see President ROOSEVELT to tell him how she wanted the Government managed, that the police had to dump her out of the White House Grounds. She then went to the Senate and made such another show of herself that she was arrested and taken to police headquarters. It's a pity that this old hen isn't confined somewhere where she will be deprived of all opportunity to make any further public exhibition of her assininity.

A NEW YORK dispatch to The Louisville Herald says Wall street is trying to discover who is behind the New York Security and Warehousing Company, which, it is said, would loan the Burley Tobacco Growers Association the sum of \$10,000,000 on condition that the Association would raise \$2,500,000, with a view to controlling this year's crop.

There is a company called the New York Warehouse and Security Company, with offices in the Corn Exchange Building, but an official of that Company says it is not financing any tobacco transaction in Kentucky.

AT a meeting in New York of the Board of Directors of the American Flag Protective Society it has been decided to incorporate with the Daughters of the American Revolution, Sons of the American Revolution, G. A. R., Spanish-American War Veterans and other patriotic organizations and unite on one bill to be introduced at Washington to protect the American Flag from misuses and desecration. This fact is printed in THE LEDGER for the information of the gentlemen down in Colombia who are promising to do all sorts of things to Uncle Sam's Flag in case he doesn't pull it down in Panama.

The Indiana National Bank at Elkhart, Ind., was closed by the Controller as the result of a steady run for several weeks which it could not stand.

stairs at her sister's residence in Front street  
some days ago, is improving. Mrs. Susan Kil-  
patrick, her sister, however, is quite ill.

Later news from Mr. Charles Wheeler of  
Hustonville states that he lost nothing by fire  
but that his stock of goods was damaged by  
water and other sources to the amount of \$2,-  
000. The fire loss in the town reached \$50,-  
000, with only \$1,500 insurance.

## Across the River

"Flinch" parties seem quite popular at present.

day.

### The Best Remedy for Croup.

*From the Atchison (Kan.) Daily Globe.*  
This is the season when the woman who knows  
the best remedies for croup is in demand in every  
neighborhood. One of the most terrible things  
in the world is to be awakened in the middle of  
the night by a whoop from one of the children. The  
croup remedies are almost as sure to be lost, in  
case of croup, as a revolver is sure to be lost in  
case of burglars. There used to be an old-fashioned  
remedy for croup, known as hore syrup and sotol,  
but some modern mothers say that Chamberlain's  
Cough Remedy is better, and does not cost so much.  
It causes the patient to "throw up the phlegm"  
quicker, and gives relief in a shorter time. Give  
this remedy as soon as the croaky cough appears  
and it will prevent the attack. It never fails and  
is pleasant and safe to take. For sale by J. Jas.  
Wood & Son.

### MACBETH.

The Ohio correspondents of The New York  
Dramatic Mirror have to say regarding the per-  
formance of "Macbeth" by Mr. John Griffith and  
company:

Sandusky—John Griffith, November 4th, in  
"Macbeth," played to a large and appreciative  
audience. Mr. Griffith gave a fine interpreta-  
tion of the difficult role of Macbeth and was  
supported by a well-balanced company.

Wapakoneta—John Griffith November 6th in  
"Macbeth." Excellent performance and good  
house.

Tiffin—John Griffith November 9th in "Mac-  
beth" to good business and a well pleased audience.

At Washington Opera-house Thanksgiving  
night, November 26th. Seats on sale at Ray's  
Tuesday morning.

The Tacoma will pass up tonight for Pomeroy.

The Kanawha coal fleet will begin passing  
here today. It consists of 174 pieces.

The advance of the Pittsburgh coal fleet will  
reach here tomorrow. There are 350 pieces in  
the first run.

The rise in the river last night and this morn-  
ing at this point brought it a considerable dis-  
tance up the bank.

The Keystone State passed up last night for  
Pittsburgh. She will be followed by the Vir-  
ginia next Tuesday.

On account of the large fleets of coal which  
are in the Cincinnati harbor, and the expected  
arrivals, there is a scarcity of lines for the  
securing of floating property.

The coal shipments from Pittsburgh Wednes-  
day amounted to 1,700,000 bushels in barges.  
The steamers having it in tow are the Coal City,  
Cruiser, Dave Wood, Enterprise, Tom Rees, and  
Harvester.

The Burnside, an up-river packet, has been  
repaired and overhauled on the Queen City  
Marine Ways. When finished she will be as  
pretty a boat as plies in the short trades on the  
Upper Ohio.

## Rheumatism Cured.

Mr. Michael Doran, Youngstown, Ohio, says:

"I suffered for a long time with  
rheumatism in my knee. I tried all kinds of remedies, including an  
expensive course of electric treatment—all in vain. At the suggestion of my  
druggist I took a bottle of Paracamph to try. The effect of its use was  
magical. I got relief at once and after using three or four bottles believe I  
am permanently cured. It is a wonderful remedy, and upon my advice a  
number of my friends have tried Paracamph, and the verdict is unanimous  
that it is all it is claimed to be. I come of my own accord with this state-  
ment because Paracamph is a blessing."

Sincerely,

MICHAEL DORAN."
